*Gus' perspective from Superior*

Hi. I'm Gus. As you may recall, I had a little trouble with Gorilla Glue. My goatee is finally evening out! Thought you might want to know!

As I always say, "Take a bow and a wow to God!" Merry Christmas!

At the boring kennel, this is why my friends call me the "monkey" dog. The tail resembles Nikko's, the leading flying monkey in the Wizard of Oz.

I'm telling the Bishop what my next article is going to be about. He says, "That rocks, Gus!"
